CAMP HOPE News

Our campers are getting more and more excited for summer camp! Sadly, there are a few who won't be with us this summer due to family commitments. One student, Celistina, was crying one day at the thought of not spending her summer with her favorite StreetLeader, Zeke.

Zeke consoled her by inviting her to use her imagination to create a summer camp where the both of them enjoyed loads of happiness and fun. The result: a chalkboard drawing of their summer camp! (pictured above)

As the school year ends, we're bearing fruit of our investment in the lives of our campers. Campers are ready to spend the summer at Camp Hope and are bought in to ending the year on a strong note in school.

Thank you for your support through our first year of Camp Hope! We've most certainly seen how Hope lives in East Charlotte!

Faithfully,
Erika
